**LIMITED OBJECTION OF COMPETITION ENGINEERING, INC., DATUM
INDUSTRIES, LLC, MONROE, LLC, J.R. AUTOMATION TECHNOLOGIES, LLC
AND DANE SYSTEMS, LLC TO DEBTORS' MOTION PURSUANT TO 11 U.S.C. §§
105, 363(b), (f), (k), AND (m), AND 365 AND FED. R. BANKR. P. 2002, 6004, AND 6006,
TO (I) APPROVE (A) THE SALE PURSUANT TO THE MASTER SALE AND

TREASURY SPONSORED PURCHASER, FREE AND CLEAR OF LIENS, CLAIMS,
ENCUMBRANCES, AND OTHER INTERESTS; (B) THE ASSUMPTION AND
ASSIGNMENT OF CERTAIN EXECUTORY CONTRACTS AND UNEXPIRED
LEASES; AND (C) OTHER RELIEF;
AND (II) SCHEDULE SALE APPROVAL HEARING**

Competition Engineering, Inc., Datum Industries, LLC, Monroe, LLC, J.R. Automation
Technologies, LLC and Dane Systems, LLC (collectively, the "Objecting Parties") by and
through its attorneys, Bolhouse, Vander Hulst, Risko, Baar & Lefere, P.C., respectfully submit

this limited objection (the “Objection”) to Debtors’ Motion Pursuant To 11 U.S.C. §§ 105, 363(b), (f), (k), and (m), and 365 and Fed. R. Bankr. P. 2002, 6004, and 6006, To (I) Approve (A) The Sale Pursuant To The Master Sale And Purchase Agreement With Vehicle Acquisition Holdings LLC, A U.S. Treasury Sponsored Purchaser, Free And Clear Of Liens, Claims, Encumbrances, and Other Interests; (B) The Assumption And Assignment Of Certain Executory Contracts and Unexpired Leases; and (C) Other Relief; and (II) Schedule Sale Approval Hearing [D.I. 92] (the “Motion”). In support of the Objection, the Objecting Parties respectfully state as follows:

1. On June 1, 2009, Debtor General Motors Corp., et al. (“GM”) filed a Chapter 11 Bankruptcy Proceeding within the United States Bankruptcy Court for the Southern District of New York (the “Court”).

2. On June 2, 2009, the Court entered the Order Pursuant to 11 U.S.C. §§ 105, 363(b), (f), (k), and (m), and 365 and Fed. R. Bankr. P. 2002, 6004, and 6006 (I) Approving Procedures for Sale of Debtors’s Assts Pursuant to Master Sale and Purchase Agreement with Vehicle Acquisition Holdings LLC, a U.S. Treasury-Sponsored Purchaser; (II) Scheduling Bid Deadline and Sale Hearing Date; (III) Establishing Assumption and Assignment Procedures; and (IV) Fixing Notice Procedures and Approving Form of Notice [D.I. 274] (the “Scheduling Order”)

3. The Scheduling Order provides that the deadline for objecting to approval of the Motion “shall be June 19, 2009 at 5:00 p.m. (Eastern Time).”

4. In the Motion, GM is requesting an Order from the Court authorizing it to sell substantially all of GM’s assets pursuant to a Proposed Master Sale and Purchase Agreement free

and clear of liens, claims, interests and encumbrances with the liens then attaching to the net proceeds of the Sale.

5. The Objecting Parties, at this time, are unable to ascertain and are not in a position to determine from the Motion whether any of the assets to be purchased pursuant to the proposed sale pertain to the Objecting Parties; therefore, the Objecting Parties hereby submit their Objection to the GM Motion in an abundance of caution.

6. As a part of the process of manufacturing parts, GM, issues Purchase Orders to its Tier 1 and/or Tier 2 parts suppliers (“GM Suppliers”) for the production of unique and specialized tools, molds and dies necessary for the manufacture of the automobile parts.

7. Upon information and belief, the Objecting Parties have designed, fabricated, manufactured and delivered special tooling to GM Suppliers for the purpose of producing automobile parts for inclusion into GM automobiles and/or trucks (hereinafter “Special Tooling”).

8. Upon information and belief, the GM Suppliers sent Purchase Orders to the Objecting Parties for the production of the Special Tooling.

9. Upon information and belief, GM is, or may be, the ultimate owner of the Special Tooling designed, fabricated, manufactured and delivered to the GM Suppliers.

10. In the ordinary course of business, and prior to delivering the Special Tooling, the Objecting Parties obtained a statutory lien on the Special Tooling to secure full payment of all sums due and owing for the design, fabrication and manufacture of the Special Tooling pursuant to state law, including without limitation, the Michigan Special Tools Lien Act, MCL 570.541 *et seq.* and/or the Michigan Mold Lien Act, MCL 445.611 *et seq.* (the “Lien Acts”).

11. Pursuant to the Lien Acts, the Objecting Parties permanently affixed its name, street address, city and state on the Special Tooling pursuant to the Lien Acts. See MCL 570.563(1) and/or MCL 445.619(1).

12. Further, pursuant to the Lien Acts, the Objecting Parties filed UCC-1 Financing Statements in accordance with the requirements of 9502 of the Uniform and Commercial Code. See MCL 570.563(2) and/or MCL 445.619(2).

13. The Special Tooling constitutes the Objecting Parties' collateral to secure full payment of the balance due for the design, fabrication, manufacture and delivery of the Special Tooling to the GM Suppliers.

14. Therefore, the Objecting Parties have a fully perfected, valid, legal statutory lien on the Special Tooling pursuant to the Lien Acts.

15. In order for GM to sell the Objecting Parties' Special Tooling, in which the Objecting Parties assert a lien, free and clear of the Objecting Parties' liens, GM must satisfy one of the following five (5) requirements set forth in 11 U.S.C §363(f):

- (1) Applicable non-bankruptcy law permits sale of such property free and clear of such interest;
- (2) Such entity consents;
- (3) Such interest is a lien and the price at which the property to be sold is greater than the aggregate value of all liens on such property;
- (4) Such interest is a bona fide dispute; or
- (5) Such entity could be compelled, in a legal or equitable proceeding, to accept a money satisfaction of such interest.

16. In this case, and at this time, GM has not satisfied the above five requirements.

17. Applicable non-bankruptcy law does not permit the sale of GM's collateral free and clear of the Objecting Parties' liens.

18. The Objecting Parties have not consented to the sale of its collateral.

19. The Objecting Parties' interest in the collateral is a lien interest, but GM has not established that the price at which the property may be sold is greater than the aggregate value of all the liens on such property. In fact, upon information and belief, the cash consideration for this sale is inadequate to pay all secured creditors in full in the Motion and the Proposed Order Approving the Sale do not address how the Purchase Price will be allocated among the purchased assets.

20. The Objecting Parties' liens are not in bona fide dispute.

21. Finally, while the Objecting Parties could be compelled to accept a money satisfaction of its liens on the collateral, this factor is not satisfied because Debtors have not proposed to pay the Objecting Parties' claims in full. See In re Kellstrom Industries, Inc., 282 B.R. 787, 794 (Bankr. D. Del. 2002) (While approving Debtor's sale of certain goods free and clear of creditor's reclamation rights under 11 U.S.C. §363(f)(5), the Court conditioned such approval on adequate protection to the creditor in the form of payment in full in cash).

RELIEF REQUESTED

22. The Objecting Parties object to the Motion to the extent that GM is attempting or purporting to extinguish, modify or affect in any way Objecting Parties' fully secured and perfected lien on the Special Tooling and the Objecting Parties' ability to foreclose on its secured claim if it is not paid in full on a timely basis by the GM Suppliers.

23. Any Order entered pertaining to the Motion should contain a clause making it clear that the Order neither attempts to adjudicate, nor does adjudicate, any lien rights pursuant to the Lien Acts or any other lien rights the Objecting Parties may have with respect to the Special Tooling.

24. The Objecting Parties further reserve all rights and remedies they have in law or in equity in connection with the disposition of assets contemplated under the Motion.

WHEREFORE, the Objecting Parties respectfully request that this Honorable Court enter an Order in a manner consistent with the foregoing objections and in a manner that does not in any way limit their secured status as to the Special Tooling pursuant to the Lien Acts.

Respectfully submitted,

Dated: June 18, 2009
